Airport Extreme Setup Guide

Congratulations on purchasing your AirPort Extreme Base Station. Read this guide to get started. AirPort Extreme is a fully featured Wi-Fi base station that provides simultaneous dual-band wireless networking using the 802.11ac specification. When you set up your AirPort Extreme, it creates two high-speed Wi-Fi networks:

AirPort Extreme Setup Guide

The performance of USB hard drives attached to an AirPort Extreme is slower than if the drive were connected directly to a computer. This is due to the processor speed on the AirPort extreme. Depending on the setup and types of reads and writes, performance ranges from 0.5 to 17.5 MB/s for writing and 1.9 to 25.6 MB/s for reading.
