Family Centered Maternity Care, as she explains it, is “a philosophical approach to prenatal care and delivery providing care to the pregnant woman in the context of her family. FCMC is prenatal care that considers, includes, and fosters the development of families. Historically, practitioners have also promoted natural childbirth.”

Family Centered Maternity Care - ALAMES: Latin American ...

Maternity care dropped out of my practice as I focused on research, teaching, and policy. Quickly, my brief experience doing OB became a limiting factor, and retraining was increasingly daunting. But let me now be very clear. Maternity and obstetric care is and must always be a central pillar of family medicine training.

Family-Centered Maternity Care - Nevada Regional Medical ...

Family-Centered Maternity Care is a type of care that we provide that focuses on the needs of mother, baby and family. Mothers and babies are cared for as a “couplet” by the same nurse, in the mother’s room, to encourage parenting skills and promote family bonding. How does it work? Family-Centered Maternity Care begins at birth.
