Ancient history is the aggregate of past events from the beginning of writing and recorded human history and extending as far as post-classical history. The phrase may be used either to refer to the period of time or the academic discipline. The span of recorded history is roughly 5,000 years, beginning with the Sumerian cuneiform script, with the oldest coherent texts from about 2600 BC.

The ancient world offers an excellent canvas for historical fiction but too many books fall victim to anachronistic thinking, says Oxford ancient historian Harry Sidebottom, author of two series of historical novels set in Ancient Rome. Here he recommends some of his own favourites, all written during the golden age of classical historical fiction half a century ago.
