The Borane Complex. First off it is very imporant to understand little bit about the structure and the properties of the borane molecule. Borane exists naturally as a very toxic gas and it exists as dimer of the general formula B₂H₆ (diborane). Additionally, the dimer B₂H₆ ignites spontaneously in air. Borane is commercially available in ether and tetrahydrofuran (THF), in these ...

Hydroboration-Oxidation of Alkenes - Chemistry LibreTexts

Chemistry is the scientific study of the properties and behavior of matter. It is a natural science that covers the elements that make up matter to the compounds composed of atoms, molecules and ions: their composition, structure, properties, behavior and the changes they undergo during a reaction with other substances.. In the scope of its subject, chemistry occupies an intermediate position ...

Thermodynamics and Chemistry - by Howard DeVoe, U. Maryland (2014) This free book in PDF format is a revised and enlarged version of the first edition published in hard-cover format in 2001 by Prentice Hall. Free Organic Chemistry textbook - Individual chapters of Organic Chemistry by Daley & Daley can be downloaded as pdf files.

General Chemistry for Students

When you're performing pH calculations, always make sure your answers make sense. An acid should have a pH much less than seven (usually one to three) and a base should have a high pH value (usually around 11 to 13). While it's theoretically possible to calculate a negative pH, pH values should be between 0 and 14 in practice. This means that a ...

Here's How to Calculate pH Values - ThoughtCo

In chemistry, a mixture forms when two or more substances are combined such that each substance retains its own chemical identity. Chemical bonds between the components are neither broken nor formed. Note that even though the chemical properties of the components haven't changed, a mixture may exhibit new physical properties, like boiling point and melting point.

Mixture Definition and Examples in Science

Textbook - Chemistry, connections to our changing world, 2nd Ed., 2000. Prentice Hall. p2-13. 5. Student Modifications: - Students will be given additional "Hints/Reminders" in written form to assist students in "successfully" completing the lab activity assignments as defined by the goals of the lesson.
