Ballantine's Weapons Book No. 15: Tank Force Allied Armor ...

Tunisian muddy winter combined with a stiffened and well-ordered fighting retreat by hardened Axis troops was not what the Allies expected, and the arrival of general Kesselring with fresh reinforcements, including the brand-new Tiger tank, further increased the Allied disarray. As a response, British armor received new anti-tank guns, but to ...

WW2 British tanks and armored cars

The range and armor piercing capabilities were sufficient for anti-armor duties, ... the Germans lost no more than 100 tanks to Allied sorties. 13 Tiger tanks were ... (195 sqmi). In Normandy, the Allied Expeditionary Air Force could field one plane for every 100 enemy soldiers. On average, there was one Allied aircraft for every 1km² (0 ...

Tank busting - How effective were air strikes during WWII?

"Control is as important as hitting power, armor or mobility," he said. With the radios came a new dimension in tank tactics. The basic equipment for a modern tank force was now to hand and Hobart began building up the techniques of command and control that were to rock the world.

Allied Tanks and Combat Vehicles of World War II: They ...

It was the largest tank mass-produced by German forces during the war, and remains among the heaviest mass-produced tanks ever. Its 8.8 cm KwK 43 could virtually knock out every Allied tank, while its sloped armor was thick enough to defeat most Allied guns (excluding hollow charge weapons).

German tanks in World War II - Wikipedia

As the war carried on, supplies were scarce and the salvage tactic became more common. The Germans used Allied planes, tanks, and vehicles, throwing everything they got in the defense of the Reich. Once you have read the article keep scrolling to see a stack of images of captured Allied armor pressed into service by the Germans, Czechoslovakia

SS13 CM - Allied Armor - YouTube

The Chinese warlord Zhang Zuolin introduced tanks to China.France had dispatched a small contingent of Renault FT tanks to Vladivostok in 1919, during the joint Allied intervention that began in August 1918, and these were later passed on to the Manchurian Army under Zhang Zuolin. The Manchurian Army purchased 14 more FTs in 1924-25, and these were used in the fighting with the warlord Wu Pei ...

Tanks in China - Wikipedia

Victory in the ground war of World War 2 could be decided through various means but it was the tank that ultimately took center stage. The combat system evolved much from its infancy witnessed during World War 1 (1914-1918) and grew to become a focal point of the many offensives had in the Second Grand War - spanning from Europe to the Pacific and all places in between.

World War 2 Tanks (1939-1945) - Military Factory

While the plurality of its armored force consists of older vehicles, the PLA nevertheless fields a large number of cutting-edge tanks equivalent or potentially superior to their Western counterparts. The Type 99 has a large-caliber gun capable of firing ATGMs, an autoloader enabling the tank to reload while moving over rough terrain, and an independent sight for the tank commander.

Marine Armor is Outclassed by China | Proceedings ...

The German tank force was an amazing success due to tactical innovation more than tank quality. Many of their tanks outclassed allied armor, delivered more casualties than they took in most engagements due to the impressive training the German soldiers received, and the excellent tactics used by the German forces.
