I never had to search for an engine and I'm most certainly not an engineer." But I decided to have a look-see anyway because, well, I've always been the adventurous type. Incredibly, there were several hundred copies of The Altavista Search Revolution available for one cent on Amazon (it's a book seller, not a river.

### Amazon.com: Customer reviews: AltaVista Search Revolution

Over the next twenty years, search will be at the center of a second shift that is even more profound; how we manage our relationships with artificial intelligences as people, marketers and businesses. As in the first digital revolution, marketing will be at the front, learning on the job and advocating for change.

### The Next Revolution of Search - Microsoft Advertising

The search engine that helps you find exactly what you're looking for. Find the most relevant information, video, images, and answers from all across the Web.

### Yahoo Search - Web Search

Altavista, which as a search engine allows users to find information on any topic listed on web pages, claims to have 45 million different users across the world. At the time of its UK launch in December, it said it would rapidly include 40 million web pages, or 95% of the total in the UK, on its UK-only search pages.

### BBC NEWS | Business | Altavista heralds net revolution

AltaVista was a Web search engine established in 1995. It became one of the most-used early search engines, but lost ground to Google and was purchased by Yahoo! in 2003, which retained the brand, but based all AltaVista searches on its own search engine. On July 8, 2013, the service was shut down by Yahoo! and since then the domain has redirected to Yahoo!'s own search site.

Dr. Tiller, a professor emeritus of materials science and engineering at Stanford University, tells us that "the term Psychoenergetics[1] was coined by the Russians in the Soviet era or 1950-1970. This was done to provide a strongly materialistic flavor to the fields of parapsychology and spiritual-related phenomena in order to make research in these [...]"
