[PDF] The Cartoon Guide to Calculus | Semantic Scholar

In fact, the The Cartoon Guide to Calculus is not a particularly thick book, the type is in all caps, and the font is rather cartoonish. However, what stands out about this quote is the silliness with which Gonick's writes, and how he frequently breaks the fourth wall by addressing the reader and acknowledging his existence as a character in a book.

The Cartoon Guide to Calculus (Sample Chapter) - Larry ...

This book was actually recommended to me by a college professor, as an "alternative" supplement for a Calculus class. Comparing this to a legitimate textbook and to a "Dummies" book, I'd say this cartoon guide is OK as an interesting way to review Calculus topics at a basic level and from a different perspective—assuming you already have learned or are learning Calculus in a ...
