Fats are the second most important part of your dog's diet, next to protein. In the wild, nearly half the calories wild dogs eat are from fat. But given the importance of fat in the diet, it's surprising how so many of us make the same mistake. And this mistake can create dangerous inflammation in your dog. So let's take a look at omega-3 fats for dogs, and the other fats you need to ...

I am frequently asked about training ‘sissies’, which is one of my favourite kinks—forced feminisation. Just for those who are unaware, a sissy is a person (usually a man) who adopts feminine-like behaviour to the extreme, and takes part in stereotypical ‘feminine’ activities, often within the context of BDSM. It takes a lot to become [...]
