the socio-economic development of the society.

Role of Women in the Family and Society

The role of women in community development can be crucial to the health of a society. According to some sociologists, women make many of the decisions that determine a household's participation in the community, including healthcare, educational, and cultural decisions. In parts of the world where women's rights are still developing, the role of women in the development of a community can be the key to reducing gender inequality, providing for the needs of women and families, and ending ...
